

SEVERE WEATHER ADVICE REDUCED THREAT

This **Advice** message is issued for the State's South East.

The threat from destructive winds for parts of the Upper and Lower South East has reduced.

Although the threat to your safety has reduced, be aware that some risks are still present and you should take care in the area over the next few days.

What you should do:

- Check your property for damage.
- Stay well clear of fallen trees, power lines and other damaged structures.
- If your property has been damaged do not turn your electricity back on until it has been checked by a qualified electrician.
- For SES assistance phone 132 500. If the matter is life threatening call 000 (triple zero).

This message was issued by the **State Emergency Service**.

Impacts in your area:

- Tree branches and other debris may be present on roads or pavements
- Power lines may have fallen

Stay informed:

- Check the SES website at www.ses.sa.gov.au
- Monitor local conditions and tune in to your local ABC on a battery-powered radio for updates
- Call the SA Emergency Infoline on 1800 362 361
- People who are deaf, or have a hearing or speech impairment, can contact the SA Emergency Infoline via the [National Relay Service](http://www.nrelayservice.com.au) on 1800 555 727 (TTY users 1800 555 677)
- Follow the SES on [Twitter](https://twitter.com/SA_SES) (@SA_SES) or [Facebook](https://www.facebook.com/SA_SES)
- For weather warnings and forecasts visit www.bom.gov.au.
